Rendez—Vous: Young French and Chinese Art

Established in 2002 by the Musée d'art contemporain de Lyon with support from the Auvergne-Rhône-Alpes Region, *Rendez—Vous* is an international platform dedicated to emerging artists. Through an innovative method of artistic direction that brings together four institutions within France, *Rendez—Vous* is organised by the Biennale de Lyon, the École nationale supérieure des beaux-arts de Lyon, the Institut d'art contemporain Villeurbanne/Rhône-Alpes (IAC), and the mac^{LYON}.

Rendez—Vous is exhibited at the IAC during the Biennale de Lyon, and the following year in a different form outside of Europe. In 2008, Rendez—Vous was presented at the Shanghai Art Museum, with residencies in Moscow, Beijing, Miami, and Buenos Aires; in 2010, in the Shanghai Biennale; in 2012, at the South African National Gallery of Cape Town; in 2015, at the Institute of Contemporary Arts Singapore, LASALLE College of the Arts. In 2017, Rendez—Vous will be held at the CAFA Art Museum in Beijing.

The 2017 edition of *Rendez—Vous* in Beijing features 10 French and 6 Chinese artists: Gaëlle Choisne, Ruth Cornelisse, Fabrice Croux, Adélaïde Feriot, Nicolas Garait-Leavenworth, Lola Gonzàlez, Huang Yang, Maxime Lamarche, Leng Wen, Li Linlin, Lu Zhengyuan, Daniel Otero Torres, David Posth-Kohler, Qiu Yu, Johann Rivat, Wu Hong.

约会: 来自中法的青年艺术

由里昂当代美术馆创立,并在罗纳-阿尔卑斯大区政府的支持下,"约会"创办于2002年。作为一个专门服务于年轻艺术家的平台,"约会"展览在法国以一种前所未有的方式联合四大机构:里昂双年展(Biennial of Lyon), 里昂国立美术学院(National School of Fine Arts of Lyon), 里昂当代艺术研究院(Institute of Contemporary Art, Villeurbanne/Rhône-Alpes), 里昂当代美术馆(Museum of Contemporary Art of Lyon/mac^{LYON}),它们均为"约会"展览提供艺术指导。

于每届里昂双年展期间,"约会"展览都会在里昂当代艺术研究院举行,来年会以不同的形式在欧洲以外的地方巡回展出。2008年"约会"项目于上海美术馆呈现,并联合了莫斯科、北京、迈阿密和布宜诺斯艾利斯等地的艺术机构;2010年,该展览参与了上海双年展;2012年,它在南非国家美术馆(South African National Gallery of Cape Town)巡回展出;2015年,"约会"又与新加坡当代艺术协会/拉萨尔艺术学院(Institute of Contemporary Arts/LASALLE College of the Arts) 达成了合作。2017年,"约会"项目将落户于北京中央美术学院美术馆。

2017年北京的"约会"展览聚集了10位法国艺术家和6位中国艺术家:伽耶尔·诗万纳,惠特·科尔纳利斯,法布里斯·克鲁,阿德莱德·费利约,尼古拉·加略-莱文沃斯,萝拉·冈萨雷斯,黄洋,马克西姆·拉马什,冷文,李琳琳,卢征远,丹尼尔·奥特罗托斯,大卫·波斯特-科勒,邱宇,约翰·瑞瓦,武宏。

The Encounter Between the Green Hills of Lyon and the New Looks of Beijing: Young Art from China and France

Lyon is a beautiful cultural city, built along two rivers and encircled by hills. Since the Renaissance, many artists and authors, such as Rabelais, author of Gargantua and Pantagruel, have lived and worked there. Beijing is a historic city, with foundations laid one thousand years ago. Today, the city is witnessing something new every day with urban development and social change. When young art from France and China is presented together at CAFA Art Museum, barriers of time and space cease to exist; the show is simply about art. New youth in a new century have begun a new era of dialogue. Young Chinese students one hundred years ago traveled to France to study art. Today, this has evolved into a symbiotic interaction and observation that uncovers spiritually resonant cultural tones, as well as new perceptions and new tendencies that transcend space and time. Although this is not a large "encounter," these works reflect their times and reveal the characteristics of French and Chinese youth; they are diverse, new, exploratory, introspective, contemplative, and innovative. "Encounter" is a visionary and symbolic term, because it is not just a representation of an encounter between two cultures; it is a meeting of eras, a meeting of curiosity. This is a meeting between the young generation and the future. This encounter is the practice of artistic values; when we receive art and encounter it, we create new topics, accept the challenges of the twenty-first century, and continue our interactions with interior purity, global presence, and artistic values.

里昂的绿山和北京的新貌相遇 —— 来自中法的青年艺术展

法国里昂是一座美丽的文化城市, 罗纳河和 索恩河穿城而过,并有群山环绕,文艺复兴 以来这里有很多艺术家、作者生活和创作, 如《巨人传》的拉伯雷等: 北京是一座历史 名城,有千年的底蕴,如今城市发展、社会 变化, 日新月异。当来自法国和中国的青年 艺术在北京的中央美术学院美术馆相互 展出时, 时空的间隔没有了, 只有艺术的意味 在弥漫着, 新青年在新世纪开始了新时代的 交流,就像百年前,中国青年学子赴法国研修 艺术一样, 今天发展为相互交流和观看, 发现 彼此心灵契合的文化韵味,寻求的是超越时空 的新感知、新动向。这个"Rendez-Vous" 虽然规模不大,但可以显示各自的时代气象, 昭示着中法的新青年特点,多样、新鲜、 探索、提问、回望、远眺。而 "Rendez-Vous"是一个极具想象的象征词汇, 不仅仅是 不同文化的约会, 也是时代与时代的约会, 更是好奇与好奇的约会,其实又是青年一代与 未来的约会。约是一种艺术价值实践和努力, 我们领取艺术,与之相约,以创造新命题、 接受21世纪的挑战为规约,与内心的纯真、 与世界的同在、与艺术的价值永远相会。

Gaëlle Choisne creates sculptural installations combining photography and video, in which she references the legacy of anthropology museums, monuments, and colonialism. Alluding to such myths and legends as well as literary works, Choisne presents a bizarre series of "peaux de chagrin"—a reference to the eponymous novel by Balzac—that acts as an imaginary landscape that exists between the binaries of Haitian tradition and Western influence.

For Rendez—Vous in Beijing,
Adélaïde Feriot has created an installation composed of sculptures, either suspended or arranged on the floor; implicit in their shapes are narratives and human figures. Feriot uses one of the most ancient of all mnemonic devices, the "Method of Loci" or "Method of Place," offering the spectator a guided tour of a mental labyrinth—the imaginary landscape of the "Memory Palace."

Nicolas Garait-Leavenworth embarked upon three voyages from March to June 2014: firstly from Shanghai to Hong Kong (chapter 1); then across the North Pacific to Los Angeles (chapter 2); and from Los Angeles to Las Vegas and New York (chapter 3). For Rendez—Vous in Beijing, he presents It Won't Be Long Now (Chapter 1), an installation combining video, nautical charts, film stills and wallpapers into a travelogue in which different landscapes, contexts and cultures are reorganised to trigger reciprocal transitions between reality and fiction.

从2014年3月至6月,尼古拉·加略-莱文 沃斯完成了三次旅行,首先从上海到香港, 途经澳门(第一章);接着穿过北太平洋到达 洛杉矶(第二章);最后从洛杉矶去到拉斯维 加斯和纽约(第三章)。在此次北京的展览中, 艺术家带来了装置作品《此刻不会长久(第一章》,通过集合视频,航海图,电影剧照和 壁纸,这个装置作品变成了一个旅行纪录片, 它将不同的风景,环境和文化重组以触发 现实与虚幻之间的相互转换。

Born in 1988 in Angoulême (FR) Lives and works in Paris (FR) 1988年出生于法国昂古莱姆, 目前生活,工作于法国巴黎。

Lola Gonzàlez regularly assembles her friends and casts them in diverse environments, which leads each time to a new telling of a story. Within her films, the act of communication transpires through bodies, music, or gazes. She seeks to highlight the strange instinctive energy of the collective, evoking the poeticism of solidarity, the desire for community, and the tendency of adopting behavioural attitudes outside of their original context.

萝拉·冈萨雷斯常常将她的朋友们聚集起来,并在各种各样的环境中拍摄他们,于是每次都会带来一个新的故事。在她的影片中,交流行为通过肢体,音乐或是凝视悄然发生。她试图强调集体奇特的直觉能量,诗学地唤起共同一致、对社会的渴望、和接受原始环境以外行为态度的趋势。

Born in 1979 in Jieyang (сн) Lives and works in Beijing (сн) 1979年出生于中国揭阳, 目前生活,工作于中国北京。

Twelve years ago, Huang Yang created rubbings from the textured wall of ruins in his hometown and did textual research on various cultural subjects such as ancient geography, literature and history. Later as those lingering images transformed into motifs, Huang used block printing to release them onto paper. As these textures from his mind appeared under the engraving device, all the anxiety and depression in his life also disappeared completely.

12年前,黄洋根据家乡的废墟墙面纹理 创作了一些拓片,并结合各种古代地理志、 文史资料作了相应的文化考证。后来, 随着那些意象符号慢慢在他脑中变成挥之 不去的造型元素,他便借助雕版之力将它们 释放于纸面。看着这些内心的肌理逐渐显露, 他对生活的所有焦虑和抑郁也都得到了暂时 的化解。

For Rendez—Vous in Beijing,
Maxime Lamarche presents a sailing
boat whose hull has been cut up then
reassembled with its components
wedged apart. The process triggers a
displacement: the leisure craft seems to
be trying to morph into a traditional Asian
junk. In the exhibition space it bends,
finding a precarious balance on its keel
and leaving its abandoned, ruinous inner
cabin visible through the hull. In this
work Maxime Lamarche pursues his
sculptural explorations by creating a new
disaster scenario.

马克西姆·拉马什为北京的"约会"展览带来一艘帆船,其船体先被切割,随之将切割后的部分重新装配起来。这个过程引发了位移现象:一艘休闲艇似乎变成了亚洲传统的帆船。在展览空间里,帆船呈现弯曲状,在底座的支撑下尝试获得微妙的平衡,并通过船壳展露出一个废弃的内部船舱。通过创作新的灾难场景,马克西姆·拉马什在这个作品中继续探索自己的雕塑道路。

The world seems to always be blissfully gorgeous and excitingly novel, but this is all tantilizingly ephemeral. In the artificial and material world, texture, color, taste, and even sound are cut off from the natural. These senses become an amalgamation of the imaginary yet tangible, the glossy yet cheap, the luscious yet fake.

这个世界看上去总是愉悦绚丽而又充满刺激,但似乎并不长久。芳香不是来自花草,色彩不是来自生命,触感逐渐的不再能与"看上去"对应,它们共同构成一种虚幻而又确凿的混合漂浮物。在这个人造世界里,质地、色彩、味道一切皆与自然渐行渐远,远远看去就像一道繁华世界的浮虹。

The Garden of Eden has long been a model for the harmonious coexistence between nature and human beings; in the present age full of crises and changes, it is crucial to reassess the mythology of Eden. In the work *The Garden of Eden*, Li portrays a beautiful yet chaotic world, like a colorful garden suffering from fester and dirt or a clear river abounding with deformed fishes. The work probes into the changes of natural environments as well as the changes within human society and the individual.

伊甸园是人类与自然和谐关系的范本,在今天这个充满危机与变化的时代,重新探讨伊甸园这个神话就显得尤为重要。在《伊甸园》这个作品中,我想表现一个既混乱而又美丽的世界,这个"世界"好像一个花园在绚丽的色彩下充满溃烂与肮脏的事物,如同一条看起来清澈的河流里面游着畸形的鱼类。《伊甸园》这个作品不仅探讨了自然环境的变异,同时也在探讨人类社会与我们内心

的异化。

In *The Edge*, Lu Zhengyuan places emphasis on the symbolic nature of the piece, dissimilating the conventional functionality associated with ladders. By buffing its edges to form razor-sharp blades, he underlines the conflict of climbing up and getting hurt, an analogy for challenges and obstacles imposed upon people in contemporary society. Fresh fruits and fake fruits are satirically used to present a play on nature succumbing to superficial pretentions as the bad drives out the good.

Hyperplasia Plan is a long-term research and artistic creation plan. As the burgeoning metropolitan landscape changes, it evolves to cater the needs of its inhabitants. This proliferatated change in landscape is characterized by complex social relations, such as the subversion of natural life through human intervention. Qiu Yu poses a comparative study on the microcosms of nature, city and human from the perspective of "hyperplasia," to collect and organize the ready-made and abandoned materials from urban life, and to build an artificial creation equipped with vital organs and free associative thought.

增生计划是一项长期的艺术研究和创作计划。在城市中人们自行搭建的建筑物在不断地缓慢变化着,这些生活景观像城市的增生物一样,伴随着人们需求的变化而不断地生长,其中有着复杂的社会关系和物质的多重关联,具有一种人工干预下的自然生命感。作者试图以增生为视角对自然、城市和人的多重系统进行研究对比,并收集和整理生活中的现成品和遗弃品,借用日常化的方式搭建一个具有生命器官联想的人工造物。

The animals of ancient lore mystify us with their possible existence. If the experiments of genetic modification can bring in mutations, could the incredible creatures have been real? Do we actually know anything about the past? In an era of visual reality and artificial intelligence, humans seem to enjoy the omnipotence as Creators. But should we remain humble and curious to nature and its unknown? Should we continue to respect the innocence and infinite potential of the imagination?
